Statement

As a designer, I embrace a holistic approach, recognising that great design is more than the sum of its parts.

I therefore thrive on continuous learning, constantly pushing myself to expand my skills and creative horizons.

WORK HISTORY

Digital Designer

Freelance | 2021 - 2024

- Created design solutions including but not limited to: UI prototypes, websites, brand identities, product visualisations, motion graphics, posters, and logos.
- Utilised empathetic and data-driven approaches to address both user and business needs.

Digital Designer

Brand Fusion | 06 / 2023 - 07 / 2023

- Worked with a team of highly skilled designers, solving problems for large-scale businesses and state-owned enterprises.
- Became acquainted with the design industry and the demands of businesses, both large and small.

Motion Graphic Designer

Trump L'oeil | 07 / 2022 - 10 / 2022

Designed a series of motion graphics for use in the London-based production, Trump L'oeil, as well as brand elements for the associated website and social media pages.

ACHIEVEMENTS

- Received certificates of achievement for the **top overall best student** in 2021, 2022 and 2023.
- Was a recurring member of the **Ujenius club for academic excellence**, placing in the top 1% of the department and top 15% of the faculty.
- Work has been **selected for display** as part of the **FADA exhibitions** from 2021- 2024.

TECHNICAL SKILLS

- **User experience design**
Adept at designing for pleasant **user experiences** using **UX research, strategy, and interaction design principles**.
- **User interface design**
Also adept at translating UX blueprints and wireframes into **design compositions and interactive prototypes using Figma**. Experience with developing and using **design systems**.
- **Digital design**
4 Years of **digital design** experience with **the Adobe suite and Figma**.
- **Front end web development**
Experience with **HTML, CSS, and responsive design**. I also have experience using **Webflow** to translate design compositions into functional websites.
- **Video editing and motion graphics**
Skilled at video production, experience with **Adobe After Effects, Premiere Pro, and Blender**.
- **Microsoft Suite**
Proficient in **Microsoft Word, Excel, Access and Powerpoint**.

PROFESSIONAL SKILLS

- **Design thinking**
I am able to understand and solve problems through strategy.
- **Data literacy**
I am able to understand, curate, and process data, turning it into useful information.
- **Project management**
I have experience with project management methodologies and best practices. I am familiar with both Agile and Waterfall methodologies as well as Scrum, Kanban, and user stories.
- **Flexibility and fast learning**
I am a lifelong learner. I am good at configuring skills that I have learned to areas that I have not, yet.
- **Language and communication**
As a designer, I am accustomed to working in teams. I am also an active listener with strong presentation skills.
- **Creativity and problem solving**
I have a strong design sense which I am able to apply when problem solving.
- **Goal oriented**
As a freelancer, I have experience identifying areas that require attention and setting goals to address them accordingly. I am also familiar with the goals of business.

OTHER SKILLS

Corporate identity and branding, storyboarding, composition, typography,
